VOL. LXXXV, NUMBER 10

Antioch Library Open House Set September 6

Recently installed district officers of the 10th District American Legion Auxiliary include, from left: Mrs. Norman Holt, North Chicago, sergeant-at-arms; Mrs. Richard Brady, Gurnee, chaplain; Mrs. Charles McCor-

mack, Mundelein, treasurer; Mrs. Herbert Gleason, Libertyville, secretary; Mrs. Joseph Hogue, Waukegan, vice president, and Mrs. Robert Broege, Deerfield, president.

The Antioch Township Library will hold its open house celebration on Sunday, Sept. 6 from 2 to 5 p.m. It has been announced by the library board.

The new structure, completed in February of this year at a cost of \$250,473, is located at 757 N. Main Street in Antioch.

The library was first established in 1921, the founding group the Antioch Woman's Club which rented shelf space in Chinn's Paper Store to house the books donated by residents.

In 1922 the library was moved to the town hall and in 1926 it became an official part of the village.

Two years later a tax levy was made to maintain the library which became the Antioch Township Library in 1937 by voter approval.

In 1950 Mr. and Mrs. William E. Schroeder donated a building (Continued on page three)

Retirement Dinner Is Scheduled

A committee composed of representatives of the Antioch, Oakland and Channel Lake PTA's plus two members of the Band Parents are busy getting plans underway for the Retirement Dinner Dance in honor of W. Richard Whitacre.

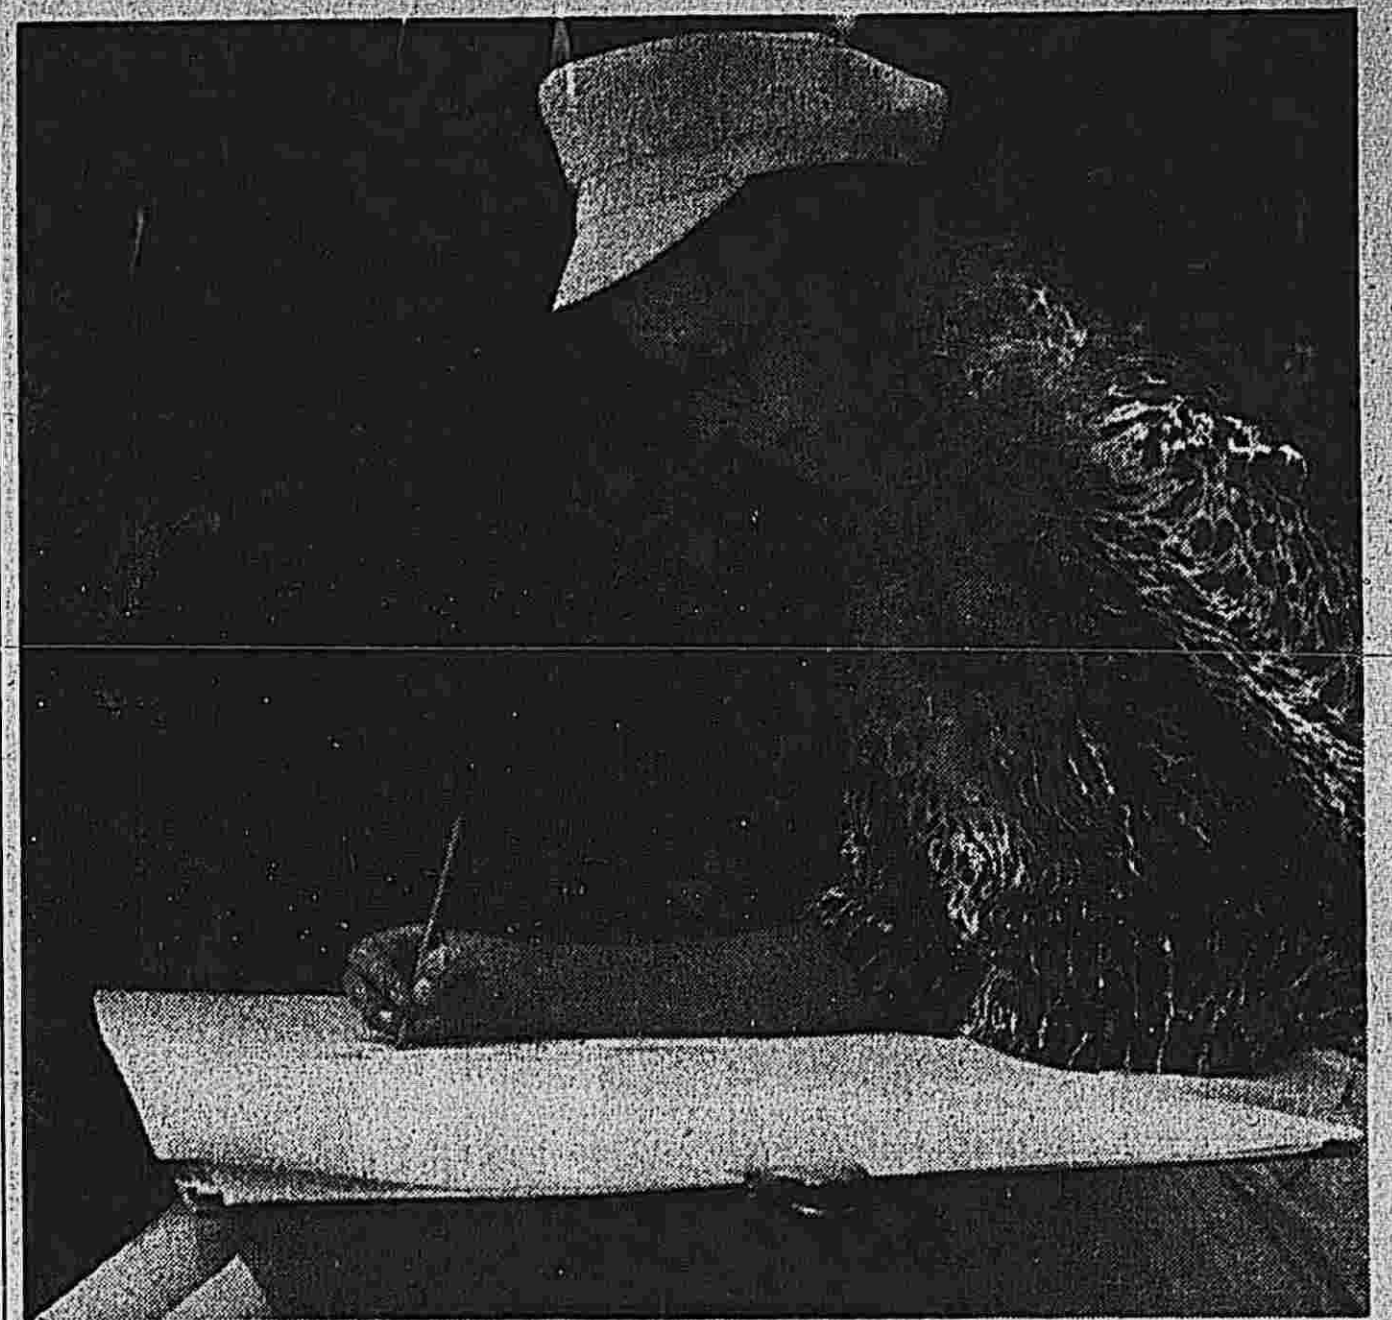

The committee is comprised of Ann Connors, chairman and Mary Wells, of Oakland, Ray Enzenbacher and Louise Gutowski of Channel Lake, John and Mary Fries and Mary Lou Parker of Antioch and Lillian Golonka and Mike Ozga of the Band Parents. Also on the committee are Mr. and Mrs. George Olisar.

The Dinner Dance will be held on Saturday, Oct. 3 at the Hunter Country Club in Richmond. Dinner will be served promptly at 7:30 p.m. with dancing to follow by the Gerry Mumford Orchestra.

Tickets will be on sale at the Antioch Grade School Building and from Ray Enzenbacher, Mrs. Mary Wells and Mrs. Mary Fries. The tickets are \$7.50 per person.

There will be limited reservations which will close Sept. 18.

The public as well as friends of Whitacre are cordially invited to pay tribute to a man who served this community for so many years.

Shari Prange, 361 Harden St., Antioch, attended the first of three week-long Allerton Federated Art Schools held at Allerton House, University of Illinois conference center near Monticello. The three schools are an annual project of the Illinois Federation of Women's Clubs and the University of Illinois Division of Extension.

Herbst Is Named As New Principal

A regular meeting of the Antioch Consolidated Grade School was held Tuesday, August 18 at the Antioch Building.

Mr. William Herbst has been hired as principal of the new Upper Grade School Building at a salary of \$16,000. He has had eleven years teaching experience and has been Assistant Principal at a Wheaton Junior High School. He is 33 years old, married and has two children.

Mrs. Ellen Eisenhower of Mountain Home, Arkansas, has been hired to teach a second grade in the Antioch Building. Her salary will be \$8400.

The resignation of Mrs. Eva Peters has been accepted. She was a third grade teacher at Oakland and is planning on traveling to Italy where her husband will be stationed. This position remains to be filled as yet.

The resignation of Marie Bobo, head cook at Channel Lake was accepted and Helen Burnette was hired to replace her as head cook.

A new lease was approved for rental of 12 classrooms at the Antioch Methodist Church. The lease will have a thirty day cancellation clause so that it may be terminated any time that the new upper grade building is completed.

There will be a third first grade class in the Antioch building because of the overload of seventy new first graders for two teachers.

The Board approved the tentative budget which was presented by the Budget Committee and it will be available for public inspection for the next 30 days. The next meeting of the Board will be September 22 instead of September 15 as previously set.

Herbst

Simon Will Keynote DemOuting

Lieutenant Governor Paul Simon will keynote the Democratic Party's annual Golf Outing and Banquet to be held on Wednesday August 26, at 6:30 p.m. at the Tally Ho Country Club, Route 45 South of Mundelein, Illinois.

Speakers will include State Senator Alan J. Dixon, and Dr. Michael J. Bakalis, Democratic candidates for State Treasurer and State Superintendent of Public Instruction.

Also in attendance will be State Representative John S. Matijevich (31st District) and Daniel M. Pierce (32nd District) and candidates James J. Cone (State Senator, 32nd Dist.), Jeffrey R. Diver (State Senator, 31st District), Grace Mary Stern (County Clerk), Ray Biondi (County Treasurer), and Marion G. "Red" Faber (Sheriff).

The dinner, which will climax a day of golfing, is expected to be attended by over 400 people including many Democratic office holders, judges and other public officials.

Herbert L. "Hub" Stern, Chairman of the Lake County Democratic Central Committee, said that he expected the affair to be the most successful ever sponsored by the Lake County Democratic Party.

Chairman of the event is Ronald D. Wick of Lake Bluff, Treasurer of the Lake County Demo-

School Budget Okayed

A budget of \$571,725, some 17 per cent higher than last year has been adopted by the Antioch High School Board of Education.

The budget is for the four fund categories, education, building, transportation and Illinois Municipal Retirement Fund.

The largest increase, according to Supt. Albert Dittman, was in the education fund which went up because of increases in the costs of supplies, equipment and salaries of teachers and non-

Antioch Hosts Student

Luis Victor Herrero arrived in the United States from Santa Fe, Argentina on August 13.

He was welcomed at the airport by his American family, Mr. and Mrs. Bob Gross, their son Chip and daughter Patty of Antioch.

The handsome Latin boy represents the fifth foreign exchange student to attend Antioch High School under the American Field Service scholarship program.

It was fortunate that Luis ar-

Summer Fine Arts Camp

On Sunday, August 16, the Antioch High School Fine Arts Department made its annual trip to Lake Bloomington for its summer Fine Arts music camp.

This year 148 students and

adults attended the camp. The choir students were under the direction of Ralph Brooke and the instrumental group was under the direction of Joseph Rush.

Other adult leaders were Miss

Betty Garrett, Miss Sandy Thompson, Charles Banks, Allen Murphy, Bill Shreder and Don Druke.

The students spent four and one-half days in rehearsal, each student receiving about nine

hours of practice each day.

At the end of camp on Thursday night, the Concert Band and Choir gave a concert at the camp.

On Friday the Band went to the Illinois State Fair and gave

a concert and on Sunday the Choir presented a number of selections at the Methodist Church in Antioch and at St. Peter's Catholic Church.

The Antioch High School Music Camp at East Bay, Lake Bloomington, was filled to capacity this year as all of these youngsters and their tutors participated in many events.

Water Show Scheduled

The Antioch Aqua Center will put on a water show August 29, at 6:00 p.m. The theme of the show is "Up, Up and Away."

This water show consists of several routines performed to music. Each routine is a series of synchronized swimming and stunts. Some of these acts are:

Blue Hawaii - Kit Kakacek,

Barb Dodd, Judy Berry.

Espana Cani - JoAnn Lubke-

man, Dorothy Emmerich, Jackie and Debby Dodge, Dale Weise, Shellie Green and Carol Berry.

His Girl-Sue Solomon, Chris Walpole, Suzy Berry, Terry Lear, Tim Waite, and Jeff Schmidt.

These are only three of the several acts and only a few of the people who have been practicing for three weeks. Jane Berry who is directing this show says Saturday they will be trying to do their best to please the audience. So if you're interested in something a little different, spend about an hour Saturday, Aug. 29, watching the 1970 Antioch Water Show.

CLC To Expand In Fall

The College of Lake County's temporary facilities will be expanded this fall with the addition of a seventh building. The one-story structure will be approximately 500 feet northwest of the present interim campus. The Board of Trustees awarded contracts for the 11,000 square foot building on August 18, 1970. The building is designated to be used at some future date as a maintenance and storage building for the College.

Awarded contracts by the Board of Trustees were Palonia Construction Company, Chicago, Illinois for general construction-\$134,200; Althoff's, Inc., McHenry, Illinois for heating - \$27,535; Jorgensen Company, Round Lake, Illinois for plumbing - \$32,040; and Genesee Electric Company, Waukegan, Illinois for electrical work - \$17,400. The total cost of the facility including site development, utility hook-ups, and walk construction which will tie the building to the present campus is \$211,175.

Approval for construction of the maintenance building was granted by the Illinois Junior College Board on July 17, 1970.

Projected expanding enrollment for the next five years requires that the College of Lake County utilize this building for instructional space until permanent construction will provide the

needed classroom facilities to handle the increased enrollment.

The new building will provide the College with six badly needed classrooms, a materials testing center, faculty office spaces, maintenance and storage areas, and shower facilities for on-campus physical education classes.

College officials indicate that construction of the total com-

(Continued on page three)

Emmons Opens September 1

Emmons Grade School will begin on Sept. 1, with the first session lasting only until 10:30 a.m. The full day schedule will begin on Sept. 2. There will be a workshop for teachers on Aug. 31.

Chamber Is Busy

A gentleman wandered into our office the other day to turn in some material to the Antioch Chamber of Commerce. Not finding it open at the time he immediately began knocking the Chamber as a "small time operation" and "useless."

We beg to differ with this gentleman.

We don't consider the Chamber useless or small time by any means.

And, we might add, it will only get bigger and better when the ones who gripe finally decide to help out in the many projects that the Chamber promotes, rather than sitting on their hands.

The Chamber has 15 standing committees and they are all busy.

Some of them have been recent additions and are planning for the future. Others are active and productive in appraising the Chamber membership of important issues and encouraging them to take an interest in their community, their county and their state.

But you still have the grippers who sit around and knock something rather than trying to help out.

We are sure that you can still get on some of these committees if you want to.

The Chamber has representatives assisting in compiling the general information booklet that is being distributed to industry and firms interested in our Village.

This was a joint effort by the Village, Chamber and businessmen and has proven very effective.

The Community Brochure committee is approaching the final stages of preparing a brochure that will replace the out-of-date one now in use.

Several committees are working year-round to plan promotions for the community, not to just reap in a profit but to also keep the name of Antioch in front of the public as a progressive retail community.

Anyone who has served on the Christmas Committee and the members who show up each year to help decorating know what a difficult job it is to decorate an entire village for \$800 or less.

This is only accomplished by the dedicated members who climb ladders, fix short circuits, hang plastic balls and all of the other chores.

The grippers and the sitters-on-hands wouldn't want this job. They might have to do something.

Membership luncheons are held periodically and the Chamber has been successful in obtaining the services of excellent speakers.

The Chamber has an office open part-time, which replies to inquiries regarding business, industry, recreation and a hundred other things.

So it is a busy Chamber.

And the next time you gripe ask yourself how many committees you are serving on.

Maybe you could do better.

Community Pride

Two little Antioch girls are showing the way for their adult counterparts when it comes to community pride.

The youngsters recently contributed \$8.55 to the Antioch Rescue Squad.

The real story, however, is that they earned the money themselves and then gave it away.

The youngsters are Pam Donovan, 12, daughter of Mr. and Mrs. Jerry Donovan of Rosing's Subdivision, and her next door playmate, Peggy Ray, who's going to be 10, daughter of Mr. and Mrs. Art Ray.

The youngsters on August 5 put on a singing and dancing show for the subdivision. They got out flyers and passed them out announcing the date and time.

Admission to the show, put on at the Donovan family garage, was 15 cents.

Now, you and I know that it takes a lot of 15 cent admissions to add up to \$8.55 and we suspect that some put in more than their share.

But it is comforting to know that there are

Sabatini's Nite in Italy Buffet will be served on Friday nights starting September 4 instead of Wednesday nights. The same delicious food will be served and the Alpine Serenaders will be on hand for the enjoyment of all.

ALONG THE WAY with Annie Mae

GREAT KIDS

Pam Donovan and Peggy Ray are to be congratulated for their fine efforts on behalf of the Antioch Rescue Squad. They put on their own special production and raised funds for this great cause.

RETURN FROM MICHIGAN

Irv and Edith Elms have returned home after enjoying a pleasant visit with their daughter, Mrs. Harry Bothe and family in Birmingham, Michigan.

MIDNIGHT MADNESS

This sales promotion of the Antioch Chamber of Commerce was well attended and there were some strange sights to be seen, like the man with the raccoon perched on his head. One of the cutest sights to be seen were a couple of little ones dressed in the cowboy pajamas.

BLUE RIBBON BUYS

Did you know that John Teresi purchased two champion steers at the Kenosha County Fair, and don't think that's not a lot of bull!

HIGH SCHOOLERS RETURNING

Antioch High has been a busy hive of activity with students getting their schedules and getting all set for next week's classes. It seems summer goes faster every year.

LET'S GO BOWLING

League bowling will soon be starting and organization meetings are now in progress. Lots of enthusiasm is displayed after a summer lay-off.

SUGAR LOVERS, ATTENTION!

Clyde McCoy, the Sugar Blues Man will be at the Antioch Country Club from Sept 2 through the 7th for lots of pleasant entertainment.

HOLD TOURNAMENT

Antioch Rescue Squad Golf outing plans are full speed ahead for a great day Sept. 16. Keep that date open for them for lots of fun and food.

Back to school,

ANNIE MAE

'Cartoon Town' Prepares For MD Telethon

In preparation for the Jerry Lewis Labor Day Telethon, to be seen in Chicago for the first time, exclusively on Channel 32, for the benefit of Muscular Dystrophy Associations of America, WFLD-TV's Bill Jackson is devoting part of his Monday through Friday (4:00-5:30 p.m.) Cartoon Town to raise money for Muscular Dystrophy.

B.J., Mayor of WFLD-TV's Cartoon Town, and Mother Plumtree will invite their Cartoon Town viewers to send in for a carnival kit containing instructions on how to hold a carnival against Muscular Dystrophy. Money raised will be used for physical therapy, hospital equipment and research.

On Monday, September 7, B.J. and Mother Plumtree will have their own carnival on the air. Of all the children having neighborhood carnivals against Muscular Dystrophy, thirty will be selected to join B.J. and Mother Plumtree on the air. These children will bring booths from their backyard carnivals to form the Cartoon Town carnival.

The carnival kits may be obtained by writing to: B.J., Post Office Box 1203, Chicago 60660.

Call 395-4111 to place a Society or News Item.

at least two youngsters in the area that believe enough in the community to even plan such an event.

We think it is wonderful—and maybe the adults will take a hint and do something on a bigger scale—for the same worthwhile cause.

We say hats off to Pam and Peggy.

They deserve a big hug for their wonderful actions.

teaching personnel. Bids which will bring the school up to the requirements for fire and safety codes were also accepted by the board. They included:

General contracting — Benes Construction Co., Antioch, \$31,900.
Heating — Kuetemeyer Plumbing and Heating, Milwaukee, \$28,780.

Electrical — Alpha Electric Co., Mundelein, \$15,144.

Plumbing — Jorgenson Company, Round Lake, \$8,600.

The board also accepted bids on equipment and materials for the new building. They included:

Draperies — Schmid Shades and Draperies, Libertyville, \$2,166.
Library metal shelving — Carroll Seating, Chicago, \$4,225.

Furniture — Gilbert Force, Chicago, \$741.

Furniture — Slater Company, Chicago, \$2,465.

The board also hired two replacement secretaries. They are Mrs. Judith Cantwell, Twin Lakes, guidance secretary, and Sharon O'Neill, Antioch, guidance clerk.

The board also announced a special meeting has been set for 8 p.m. Friday, Aug. 28 in the main office of the high school to discuss four subjects.

They include non-certified personnel salaries, cooks, secretaries and custodians; a progress report on professional negotiations with special emphasis on the written agreement, property for sale adjacent to the school; new addition change order requests.

Letters to the Editor

Dear Editor:

On behalf of the 10th District American Legion Auxiliary and myself, I wish to give grateful thanks to the Antioch News for their wonderful cooperation in printing our publicity.

At the 1970 State Convention of the Illinois American Legion Auxiliary, I received first prize in

the state for the 10th District Publicity Press Book. I was also given an award for having written the largest amount of column inches in the state. These honors would never have been achieved without your loyal support.

Sincerely yours,

Del Jahneke
10th District Publicity Chairman

and a large section of land at the corner of Main and Williams Streets where the library remained for 20 years.

The new structure opened its doors for the first time on March 9 and has been a going concern ever since. It is open from Monday through Friday from noon to 9 p.m. and on Saturday from 10 a.m. to 5 p.m.

Among the gifts given, besides the land from Mr. and Mrs. Schroeder, the multi-purpose room was furnished and equipped by Mr. and Mrs. C. F. Spiering; phono-stereo-FM, Antioch Lions Club; entrance benches, Homer LaPlant; historical case, Antioch Woman's Club; indoor flag and stand, Mrs. Helen Olson; children's slant top table, Dr. and Mrs. W. C. Petty; flag pole, State Bank of Antioch; flag, American Legion Auxiliary of Antioch; landscaping, First National Bank; Chamber of Commerce, Ed Vos, F. Ward Just, Antioch Savings and Loan, Mrs. B. E. Albright, Mr. and Mrs. F. Otto Zeitz, Mr.

4-H SCHOLARSHIPS

During the 1970 National 4-H Congress at Chicago, 288 scholarships, valued at \$168,700 will be awarded to outstanding teens by the Cooperative Extension Service in cooperation with 4-H award donors and the National 4-H Service Committee.

The Chicago Motor Club-AAA says all motorists have a better chance to "Bring 'Em Back Alive!" over the Labor Day weekend if trips are planned in advance. Know your route. Be prepared for expressway exits and don't attempt to over-drive your physical limits.

Sales up and foreclosures down, according to recent VA reports which state a six-year trend reduced VA's home inventory to its lowest level in nine years.

and Mrs. R. J. Schuster, and additional gifts from Mrs. Lorraine Schroeder, Morley Webb, Adeline Warner, Mr. and Mrs. Carl Hughes, and A&B Printing Service, Inc.

Grants To Law Forces

During the past few weeks, several municipalities and the County of Lake have received a total of \$36,890 in grants from the Illinois Law Enforcement Commission.

This money has been awarded for numerous programs which come under the Omnibus Crime Control and Safe Streets Act of 1968 in the government's concerted drive against crime.

The City of Waukegan's Police Department received a total of \$9,612 for various types of equipment in addition to \$3,155 which was awarded for the establishment, equipment and training of an Arson and Bomb Investigation Squad, which is to be a combined effort on the part of the Waukegan Fire Department and the Police Department.

Jack Hoogasian, State's Attorney for Lake County, received a grant of \$1,675 which provided a refresher course at Northwestern University for five of his Assistants. Lake Forest Police Department received a grant for equipment in the amount of \$5,415; Lake Bluff Police Department received \$7,089 for equipment and Deerfield Police Department received \$9,944 for equipment.

Applications for funds available are first submitted to the Lake County Law Enforcement Assistance Planning Committee, whose Chairman is Judge Harry D. Strouse, Jr.

The Lake County Committee reviews each application and then submits the application together with a recommendation to the Illinois Law Enforcement Commission.

Each application is then assigned to a task force who reviews the application and makes a determination as to the funding. The Illinois Law Enforcement Commission was created by Executive Order of Gov. Richard B. Ogilvie in January of 1969. Arthur J. Bilek is Chairman and John F. X. Irving, Executive Director. The Lake County Committee was established by Resolution passed by the County Board of Supervisors with the approval of the 37 members in May of 1969.

As of this date, the ILEC has awarded a total of \$145,388 for various projects throughout Lake County to upgrade the criminal justice system and for crime prevention programs.

Applications for grants totaling approximately \$190,000 have been approved by the Lake County Committee and are now awaiting action by the ILEC.

Anyone desiring further information regarding the filing of applications for funds, may contact John Hayes, Project Director, Lake County Law Enforcement, Assistance Planning Committee, Room 602 County Building, Waukegan.

JUNIOR 4-H LEADERS
One of the most successful and beneficial 4-H activities is junior leadership development. This program is for the older teen member and now some 150,000 teen volunteers serve in a 4-H leadership capacity.

Compensation Increased For Disabled Vets

The Veterans Administration reported today that a bill the President signed August 12 will increase monthly compensation payments for most of two million veterans who incurred disabilities during military service.

John B. Naser, director of the VA's Regional Office in Chicago, said the eight to 12 per cent increases will be retroactive to July 1.

He said veterans will receive their regular monthly checks for August on Sept. 1, computed at the old rate. Later, in early September, most veterans will receive another check which will reflect the retroactive increases for July and August.

Naser stressed that once the increased payments are automatic, veterans need not contact the VA to receive them.

He said the 12 per cent increase goes to totally disabled veterans, including those who also receive additional compensation for such disabilities as deafness, blindness, and the loss of—or loss of use of—arms and feet.

Under the new rates, compensation to veterans with a 100 per cent disability rating be raised from \$400 to \$450 a month.

Those with a 90 per cent rating will be increased from \$226 to \$250 a month; 80 per cent disability, \$201 to \$223; 70 per cent, \$174 to \$193; 60 per cent, \$147 to \$163, and 50 per cent, \$122 to \$135.

(The additional allowance for dependents to veterans rated 50 per cent or more, also are being increased.)

Other increases are as follows: 40 per cent, \$89 to \$96; 30 per cent, \$65 to \$70; 20 per cent, \$43 to \$46; and 10 per cent, \$23 to \$25 a month.

The new law also permits restoration to compensation rolls the remarried widows of veterans whose remarriages ended in death or divorce. This provision becomes effective next January 1.

The regional office director said another provision which would affect comparatively few veterans, would presume certain illnesses of former prisoners of war during World War II, the Korean Conflict, and the Vietnam era to be service-connected for purposes of compensation payments.

Cars should be thoroughly checked well in advance of long Labor Day holiday trips, advises the Chicago Motor Club-AAA. Tires, brakes and engine deserve attention before undertaking prolonged highway driving. Drive safely and "Bring 'Em Back Alive!"

Millions of Americans have high blood pressure. Most of them are getting along well on drugs and diet changes recommended by a physician.

FROM THE STATEHOUSE

By
LT. GOV. PAUL SIMON

There are Colleges with Openings

Young people in Illinois who have applied to large state universities and cannot get in, have two choices, both of which are good.

One is to apply to a junior college, and the other is to go to a private college or university.

Many of the small colleges have space and are eager for additional students.

Two examples have come across my desk just recently. One is McKendree College in Lebanon, Illinois and the other is Barat College in Lake Forest, Illinois. Both are four-year liberal arts colleges, fully accredited, and respected.

But neither is widely known and there is no rush of students to schools like McKendree and Barat. Because the budgets of these schools are based on full student enrollments, both schools—along with virtually all private colleges—are facing some major financial problems.

McKendree is a Methodist college by background, but is open to anyone. Barat is Catholic by background, is open to anyone, but is a girls' school.

Most of the other excellent private colleges in the state face exactly the same enrollment situation facing McKendree and Barat.

From the state's viewpoint it would be helpful to fill the private colleges, because it is less expensive for the state.

The junior colleges are another possibility for the student who wants to go to college but is experiencing difficulty.

Even though you live in an area which does not have a junior college, you pay a small property tax which is used as tuition for students in your area who wish to go to a public junior college within the state.

All of this means that even at this late date, a student can get into college.

This newly installed telephone, which evidently has some taste appeal, may have been the one that gave Illinois Bell's suburban operations territory the edge over Chicago in terms of number of phones in service. Illinois Bell installer Jeff Hines, right, watches as Mike Mejia, of Grayslake, and his dog, Tanya try out the new phone.

Mortgage Money Available

Although financing for new homes is extremely expensive this year, so expensive that many people are discouraged from buying, some mortgage money is available. If you are one of the lucky people who can get a mortgage, make sure your new home is exactly what you want.

Buying a home is a very serious step, probably the largest single purchase you will ever make. Each feature should be judged on its own merits. Is the kitchen large enough to eat in? Are there sufficient cabinets? Is there access to the kitchen without walking through the living room? These are just a few of the questions you should ask before you buy a new home.

One important question concerns the heating system which, according to the Chicago Better Heating-Cooling Council is the most essential part of the home with regard to comfort. Unless the heating system is balanced, emitting the correct amount of heat in each room, your house will be hot and stuffy or cold and drafty. I neither case, you won't like it.

One way to achieve true comfort, advises the Council, is to install a hydronic (modern hot water) baseboard heating system which literally surrounds the house with warmth. With baseboard heating, says the council, drafts and cold corners are eliminated, and your house is truly a home.

Milestone Telephone Installed

A telephone installed in Grayslake on Wednesday, August 12, may have been one which enabled Illinois Bell to reach a milestone. On that date, the number of Illinois Bell telephones in the company's Suburban Operations territory passed the number of phones in Chicago.

Which telephone was it? It might have been the one installed for Mike Mejia, 308 Grayslake Road. His phone was connected Wednesday by Illinois Bell installer Jeff Hines.

"We can't pinpoint the exact telephone, but we do know that Wednesday was the day," said D. C. Staley, Illinois Bell general manager for the northern suburbs. "There are now more than 2,350,000 telephones in the suburban area. Although Chicago, too, has been growing, the growth of its suburbs in recent years has been almost phenomenal. And with that growth has come an increased demand for telephone service. To keep ahead of that demand we've needed careful planning and a heavy investment in cable, wire, telephone sets, and dial equipment."

He said that communications in the suburbs have come a long way since 1881 when telephone service first reached out from Chicago over a toll line to Geneva with branches to Elgin and Aurora. Toll lines soon stretched south to Blue Island, Harvey and Chicago Heights. They also began running north along the lake front to Evanston, Lake Forest, and Waukegan.

Today, the suburbs have more than 14 million miles of telephone circuits which link them with one another and provide routes to cities everywhere. Unlike 1881, these circuits carry signals which transmit photos, charts, and status reports to a vast network of people, Staley said. "Illinois Bell now serves close to six million telephones in Illinois and northern Indiana."

CLC To Expand...

(Continued from page one)
plex should be completed within 150 days and will be available for student occupancy by December 1, 1970.

In a related action, the College of Lake County received approval from the Illinois Junior College Board of the application for Phase I construction of the permanent campus.

Completed design development drawings propose a first phase construction of 215,748 square feet consisting of two instructional modules which include 44 classroom areas of varying sizes; ninety-six faculty offices; laboratory spaces for art, drafting, business education, dental programs, data processing, physics, electronics and chemistry; two lecture halls; and administrative offices. The three-phase project is designed to include four instructional modules, Learning Resource Center, College Center, physical education facilities, and auditorium-theatre.

Work drawings for Phase I are now nearing completion and will be ready for bid by late 1970. Voter approval on December 20, 1969 of the bond issue of \$6,200,000 provided the district's local share for the first two phases of the project at an estimated budget for Phase I including construction, fixed equipment, and site development in excess of \$7,500,000.

To help reduce the risk of a heart attack, Chicago Heart Association recommends a diet that uses less animal fats and fewer cholesterol-rich foods, such as eggs, and organ meats.

Mr. and Mrs. Dennis Murphy

Schedule Tea For Medical Auxiliary

A "Get Acquainted Tea" on Tuesday, September 15 at 1 to 3 p.m. will be held for members of the Auxiliary to the Lake County Medical Society in the home of Mrs. Eugene Pitts, Waukegan. The hostess will display her glass collection which includes: lacy sandwich, flint, carnival, goofus, cranberry, cut and her favorite which is blue glass, to name only a few.

Mrs. Pitts, an active member of the Auxiliary, is hesitant to say all her pieces of glass are antiques but she has given two glass shows in the past. She has been collecting for twenty years and has made most of her glass "finds" at local home sales or second-hand shops. Her pieces will all be labeled and although a talk by Mrs. Pitts is not planned, she is always willing to talk about her glass.

Auxiliary officers for 1970-71 are President: Mrs. David Helberg, Waukegan; President-Elect: Mrs. Eugene Pitts, Waukegan; Vice President: Mrs. Charles Elson, Gurnee; Recording Secretary: Mrs. John Ward, Lake Bluff; Corresponding Secretary: Mrs. Ahmed Nagib, Lake Bluff; Treasurer: Mrs. Lawrence Day, Libertyville.

By Dorothy Laursen

At the regular business meeting the Mooseheart Committee announced that they will have a "silent auction" at the September 3rd meeting. Chairman Irene Clark has promised many beautiful and useful articles for the auction, and interesting experience for anyone who has never seen a silent auction.

Recorder Jerri Polson read the chapter minutes and the executive board minutes, and gave a complete audit report.

In the birthday march this month, were Pat Wagner, Vivian Clark, and Gloria Carrick. The College of Regents will hold a meeting at the Moose Lodge on August 27 at 7 p.m., which will be followed by a ritual practice at 8 p.m.

There will be a Friendship meeting and pot luck supper on September 9 at 6:30 at Chairman Bernie Rosquist's home. The next Chapter meeting will be on Sept. 3.

Womens' Society Sets Fall Meet

The Womens' Society of Christian Service of the United Methodist Church of Antioch will hold their first meeting of the fall season on Wed., Sept. 9th at 12:30 p.m. Martha Circle will serve as hostesses.

A film on "Con-con" is being planned for the program.

Ordinarily W.S.C.S. meetings are held the first Wednesday of each month, but the September meeting was changed to the second Wednesday because of school not opening until Sept. 8th.

Be alert for changing weather and road conditions. Rainfall on a hot summer day is a sign to slow down. Stopping distances are increased greatly by the mixture of water, heat and accumulated oil spatter. Slow down and "Bring 'Em Back Alive!" this Labor Day weekend.

Topics For Today's Women

Sherry Valentine Weds James Hoffman

James Edward Hoffman, Jr., and Sherry Norma Valentine exchanged wedding vows August 22 in St. John's Catholic Chapel in Champaign. Father Watson officiated at the double ring ceremony.

Mr. Hoffman is the son of Mr. and Mrs. James E. Hoffman, 10022 South Crawford, Oak Lawn. The former Miss Valentine is the daughter of Mr. and Mrs. B. G. Valentine, 524 Garys Drive, Antioch.

The bride chose a short white lace A-line gown, featuring a high neck and long tapered sleeves. A white halo held in place the shoulder length veil of white illusion. She carried a bouquet of roses and stephanotis.

Miss Betty Valentine, sister of the bride, was maid of honor. She wore a short light blue dress of dotted swiss, with long full sleeves edged in lace. She carried a nosegay of blue and white carnations.

Phillip Fournier served as best

man and Larry Gentile as usher. Both are friends of the groom.

A luncheon reception was held at the Paradise Inn following the ceremony. The couple left for a honeymoon trip in Indiana after the reception.

They will be at home at 301 East White, Champaign, Ill., where Mr. Hoffman is a graduate student at the University of Illinois.

Donations To Rescue Squad

Recent donors to the Antioch Lions Club Rescue Squad Fund include:

Mae A. Brueckner, Mr. and Mrs. Frank C. Knoll, Fred R. Wagner, John P. DeMarchi, Mr. and Mrs. Raymond Bellucci, Wilbur A. Peters, William E. Hook, George W. Leech, William Lutz, Grant Spong, Mary Pechulis, Dorothy E. Mazzuca, Harold Ellis, Mrs. Irene Ellen, Lorenz's Smart Country House, Mr. and Mrs. James Hallwas.

Harry Brehen, A. Klesen, Mrs. Wanda F. Snow, Hans Christensen, Walter K. Hills, Pearl Francois, Gerald Vander Meer, Louise J. Elliott, William W. Moldenhauer, Bohe and Benny Wagner, Norma L. Durr, Harry F. Chaveriot, Wilmot Mountain, Inc., George M. Horn, Antioch Ben Franklin, Roy F. Teborek, M.D., Lars Steffenburg, H. C. Brandt.

Barr Funeral Home, Mr. and Mrs. Ludwig Raymond, Erich J. Rendant, Sr., Al Ballenger, Mrs. Stella Willmann, Florence Kraft, Mathilda Lukutin, Antioch Commercial Corp., Edward Sorenson, Dan Malva, Catherine Miller, Barbara A. Kufalk, Walter Kukla, W. Briggs, Barnstables, Inc., Emille C. Olson.

MOOSE TOPICS

Eight new members were enrolled in the Antioch Moose Lodge last weekend.

The new members included Henry F. Lubkeman, Gerald Widomski, Edmund Palka, M. C. Vineyard, Alexander Meeka, Robert J. Cook, Donald F. Dolgner and Ron L. Ervin.

One re-enrollment was also accepted, who was Jesse Strzeliski. The Harvard Ritual staff performed the ceremony.

The next third district meeting will be held at Woodstock Moose Lodge starting at 7:30 p.m. on Sept. 12th. Election will be held. No meeting will be held in the month of August because of vacations.

The Winner Legion No. 74 Legion of the Moose Fall Ceremonial will be held on Sunday, Sept. 13, at the Racine Moose Home. Enrollment of candidates at 2 p.m. Dinner will be served at 5:30 p.m. All legionnaires and their ladies are invited.

Earl Zimmerman of Elkhorn is the new North Moose.

CHRISTIAN SCIENCE CHURCHES

Radical reliance on God's all-power which enabled Christ Jesus to heal physical, mental and social ills is attainable today by people of all nations and races and is explained in the Lesson-Sermon on "Christ Jesus" to be read in all Christian Science churches on Sunday, August 30.

One of the citations from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, Discoverer and Founder of Christian Science, reads:

"In healing the sick and sinning, Jesus elaborated the fact that the healing effect followed the understanding of the divine Principle and of the Christ-spirit which governed the corporeal Jesus. For this Principle there is no dynasty, no ecclesiastical monopoly."

The apostle Peter is quoted as authority for relying on the spiritual understanding of God taught by Jesus, "According as his divine power hath given unto us all things that pertain unto life and godliness, through the knowledge of him that hath called us to glory and virtue."

All are welcome to attend services beginning at 11 A.M. in First Church of Christ, Scientist, BEACON HILL, Rte. 173 and Harden, Antioch, Ill.

American Legion Auxiliary News

By Del Jahneke
One of the social highlights of the 10th District American Legion Auxiliary was their recent installation of officers, held at the Deerfield Legion Home. The installing officer was Mrs. Al Dorn, Mundelein, with Mrs. Thomas Rizzo, Lake Zurich, as installing chaplain, and Mrs. William Franzen, Vernon Unit, as installing sergeant-at-arms.

The other installing officers were: Mrs. Gage Stevens, Waukegan No. 281; Mrs. William O'Neill, Lake Forest; Mrs. Marian Kalasa, Mundelein; Mrs. Joseph Howland, Libertyville; and Mrs. Richard Brady, Gurnee.

The newly installed officers are Mrs. Robert Broege, Deerfield, District President; Mrs. Joseph Hogue, Waukegan No. 281, District Vice President; Mrs. Everett Ainsworth, Lake Forest, District Historian; Mrs. Herbert Gleason, Libertyville, District Secretary; Mrs. Charles McCormack, Mundelein, District Treasurer; Mrs. Richard Brady, Gurnee, District Chaplain; Mrs. Norman Holt, North Chicago, District Sergeant-at-Arms; and Mrs. John Mould, Waukegan, District Junior Past President.

There are three traveling trophy plaques for the three major programs of the Auxiliary—Americanism, Child Welfare and Rehabilitation. These plaques are given annually to the unit with the best year round report in that program. The Frances Mieczynski Plaque for Rehabilitation was presented to the Libertyville Unit. The Leona Thomas Plaque for Americanism went to the Sharvin Unit of North Chicago, and the Ann O'Neill Plaque was given to the Homer Dahlinger Unit of Waukegan. (These plaques honor past district directors, with Mrs. Mieczynski a past State President as well.)

Due to the critical illness of Mrs. Mould, outgoing District President, her husband John Mould, State Field Representative of the American Legion, received the following presentations in her name: The District Past President's Pin, bestowed by Mrs. R. Brady; the 10th District Publicity Press Book, compiled by Mrs. Edward Jahneke, Antioch, Chairman; and the 10th District History, written by Mrs. Hogue.

CLC Receives Pat On Back For Program

The College of Lake County summer program got a pat on the back from a representative sampling of "transient students" who attended the first summer session of CLC. Approximately 180 transient students, representing 99 colleges and universities in 22 states, registered for classes for the 1970 summer session.

Fifty-three per cent of the transient students completed and returned a "Transient Student Survey Form" which was distributed by the College. Approximately three-fourths of the respondents will be sophomores or juniors at their college or university this fall. Two-thirds of the respondents worked while attending classes during the summer session, and more than 59 per cent of the respondents were enrolled in summer evening classes.

The survey was distributed and completed at the end of the summer session. The results were compiled by the Admissions and Records Office and released at the completion of the summer term. Students were asked to assist in evaluating the College's procedures and, on a comparative basis, to respond to statements on admissions, course planning, registration, instruction, the Learning Resource Center, and activities.

Opportunity was given in the survey for any comments or suggestions that students wished to make about CLC. The general tone of their responses was positive and the following typify the comments made: "CLC is much better than I expected"; "CLC is a good school for being so young"; "I am extremely impressed with the faculty"; "Instructors are concerned about students"; "Faculty-student relationships are very good"; and "People seem to care."

Evaluation of the specific areas incorporated in the survey indicate that 78 per cent of the students responded that the admission procedure was somewhat better to much better at CLC than at their home school. Advisers' university in DeKalb. She will work in pre-school education. She has not decided yet which position she will accept.

IN VIETNAM
Marine Lance Corporal Gregory T. Mitchell, son of Mrs. Barbara Mitchell, 472 Birchwood Lane, Antioch, reported for duty with the First Marine Aircraft Wing in Vietnam, recently.

Greg lived in Petite Lake Park, Lake Villa, with his parents when he enlisted in January of 1968.

PARISH COUNCIL
John Quinn reports that the Prince of Peace Parish Council has been busy. Nancy Wolff will be responsible for scouting and scheduling of organists; Judy Cook for guitarists; Ed Rosol with the song leaders; and Les Hamlin with the ushers. Anyone interested in these types of Liturgy work should call one of the above.

Nancy Kleffner will be happy to talk to any individual or couples interested in CCD work. Call her at her home 356-7602.

Dick Wolff said the School Board is interviewing candidates for two open teaching positions.

On behalf of the Altar and Rosary Sodality, Mrs. Pat Vrba presented a check for \$500 to the Parish. The Sodality will also purchase evergreens for the front of the church.

ANNIVERSARIES
Our best wishes to Helmut and Gisela on their sixth wedding anniversary August 22. Also, Bob and Marion Hammit on their 31st, August 26. Darold and Helen Johnson, twenty-two years on August 20. Ray and Eunice Rathmann will be celebrating twenty-eight years on August 20.

GRADUATION PARTY-PICNIC
Mrs. Arlene Slazes hosted a graduation party picnic for her daughter, Mrs. Karl (Sharon) Johnson of LaGrange at her home in Lake Villa on August 9. Friends in the area and family members, including cousins Mr. and Mrs. James (Jane) Sheehan of Troy, N. Y., attended the festivities. Sharon received a Bachelor of Science in Child Development degree from Northern Illinois Uni-

Schools Open, Safety Week Is Proclaimed

More than one million children in the Chicago Motor Club's Illinois territory will return to school in early September. In conjunction with the club's 23rd annual School's Open Safety campaign, Gov. Richard Ogilvie has proclaimed the week of Tuesday, Sept. 8 through Monday, Sept. 14, "School's Open Safety Week."

Joining the club and Gov. Ogilvie in this safety effort are many state, county, municipal, civic, police and school officials and the news media. Gerald W. Cavanagh, president of the Chicago Motor Club, noted that this cooperation has been an important factor in reducing, by 50 per cent, the accident rate for children since the club founded the lifesaving school safety patrol movement in 1920.

Gov. Ogilvie appealed to Illinois residents, saying: "I urge that citizens begin assisting, during that week, the 70,000 boys and girls in Illinois' School Safety Patrols to make traffic conditions

safer for our children." He called on all motorists and pedestrians to "observe every safety precaution, and continue this protection throughout the school term."

In observing that more than 19,000 lives have been saved in Indiana and Illinois since 1920 through the efforts of the patrol, Cavanagh emphasized the parental responsibility for pedestrian safety.

He stressed the need for parents to educate their children in the ways of traffic safety. He added, "Parents have the continuing responsibility of teaching youngsters to be cautious and safe pedestrians. They should emphasize that the only safe way to cross a street is at intersections attended by a member of the school safety patrol, an adult crossing guard or a policeman."

As part of this year's "School's Open Safety Week" campaign the club is again mailing thousands of traffic safety posters to school and municipal officials.

concern for students was rated average to better by 83 per cent of the respondents.

Ninety-three per cent of the students indicated that registration procedures were somewhat better, and 97 per cent indicated that the helpfulness of the staff was equal to or exceeded that of their home school. In the area of instruction—course content and objectives, instructors' teaching ability, and instructors' concern for students—an average of 83 per cent of the respondents indicated that CLC was average to much better than their home school. Although service and attention of Learning Resource Center personnel were considered to be average or above average by 95 per cent of the students, many respondents indicated that CLC might improve the physical surroundings and the availability of library resources. Responding students also indicated that they would like to see more activities provided during summer school.

Beltone Appoints Doctor

Gordon E. Docter has been appointed the local, authorized dealer for Beltone Electronics Corporation of Chicago, world leader in hearing aids and electronic hearing test instruments. The appointment was announced by David Smith, director of marketing for Beltone.

Docter will continue to operate Beltone Hearing Aid Center, 118 Clayton Street, Waukegan. He has served as manager of the dealership since October 1969. The dealership serves hard-of-hearing persons throughout Lake County.

This service includes conducting hearing tests, fitting hearing aids, stocking a complete line of Beltone batteries, cords and accessories and offering factory-authorized service for Beltone products.

Prior to joining the Waukegan dealership Docter had compiled an extensive background as a hearing aid consultant serving with the authorized Beltone dealership in Milwaukee, Wisconsin.

He is a member of the Waukegan Chamber of Commerce, the Illinois and Wisconsin Hearing Aid Dealers Associations, the National Hearing Aid Dealers Association, and is an advisor to the board of the Association for Lutheran Handicapped. Docter and his wife, Marion, are parents of three daughters and two sons.

Of the 58,000 servicemen who trained under the GI Bill last semester, 46 per cent were in the Air Force.

Ellen Barr Leaves For Carthage College

Miss Ellen Barr, daughter of Mr. and Mrs. William M. Barr, Lake Catherine, Antioch, is leaving this week for Carthage College in Kenosha, Wis., where she will be a freshman.

Miss Barr was a 1970 graduate of the Academy of the Sacred Heart in Chicago. During her senior year, she served as vice president of the Student Council.

There is a better chance to "Bring 'Em Back Alive!" this Labor Day weekend if passing is kept to a minimum on the highway. Passing creates driver tension and can lead to unreasonable and dangerous chance taking. It is safer to maintain a position consistent with the flow of traffic.

Young Holds Off Brown, Wins Speedway Victory

Ray Young cruised home the 30 lap feature winner at the Waukegan Speedway Sunday in front of Vern Browne of Waukegan and Jim Cossman of Waukegan. Dan Hanlin of Waukegan won the accident filled hobby feature, but Tootie Weyrauch of Des Plaines beat Dan's wife, Margaret in the powder puff derby.

Young's feature victory was his only first place of the night as Bob May of Gurnee took fast time honors with a near record 14.28 lap. The trophy dash found Cossman a tight winner over Young and the second heat was the same story as Cossman held on to the lead until the checkered with Young finishing second along side Jim.

Lou Clavey of Deerfield wheeled in front at the green flag, but Chicago's Bob Roper was in the lead on the next lap. Browne put his Dodge Charger in the next lap and opened up a nice lead with Tom Jones of Northbrook running second.

The race was stopped in the fifth lap as several cars piled up in the fourth turn with Dennis Harvey of Bensenville right in the middle of things. Harvey made the restart and eventually finished 8th.

Browne still had the lead on the restart, but Jones missed a shift at the green and Young was quickly in second place. Young caught and passed Browne on the backstretch during the 7th lap and cruised home for the win, two carlengths in front of Browne.

Bob May gave Browne a good run for second place until the 17th lap when Roper moved into

third. In the 26th lap Cossman got by Roper for third and closed in on Browne. In the final lap the crowd came to their feet as Browne, Cossman and Roper all collided in the first turn, but no positions changed in the process. The hobby feature was a close race for the lead in the early laps with Jim Dean of Waukegan, Rip Tucker of Park City and Doug Cappy of Waukegan all leading in the early laps before Dan Hanlin of Waukegan took advantage of an accident to gain the lead and the win.

In the final laps Hanlin lost his transmission, finishing in high gear. Fortunately second place was a rough contest with those drivers slowed often by scraps and bangs before Tom Oliver of Zion slipped through for that position.

The Powder Puff Derby is be-

Watch Out For Those Pedestrians

Even if a pedestrian jaywalks... don't sentence him to death. As the driver of a car, you have a special responsibility. Consider the elderly who grew up in a time when cars were rare. Many of them have never driven an automobile.

They don't understand the difficulties of controlling and stopping a car. Such people make poor pedestrians because they expect too much from drivers. The Lake County Safety Commission says every driver must watch out for every pedestrian every minute behind the wheel. Watch out for THEM, even if they don't watch out for you. As you cross the street, think how difficult it is to control a car. Then don't expect drivers to stop just because YOU decide to jaywalk or cross against the traffic light or step off a safety island. When you walk on the wrong side of the road, play in the street, walk at night with dark clothing or wait on the street instead of on the curb for traffic to pass, the odds are against you.

The Lake County Safety Commission recommends making use of safety islands and subways or elevated crossings. Step out only when it's safe to cross.

Kenosha Man Wins At Wilmot

Four parachutists dropped into the infield at the Kenosha County Speedway in Wilmot Saturday night with Lee Summer of Chicago landing exactly on a 14 inch checkered flag. The unusual act may have set the stage for the wild night of speed, crashes and even a fire, that followed. Bill the Bullet took advantage of the night to win his first IRA race of the season and he made a big one with a win in the 30 lap feature for the modified stock cars.

Chuck Damm set fast time, averaging 55.65 mph for fast time honors. Roger Isles, Waukegan, had his car catch fire in the third 10 lap heat. He suffered second degree burns and returned to the track after being treated at the Burlington Memorial Hospital. Roger Jacobson, Bristol, slipped over trying to take the lead in the first 10 lap heat but was OK when the rescue squad reached him.

Claude Potter and Don Sorce crashed also in the third heat and in the feature Chuck Acheson rolled over and Eddie Loomis wound up on top of his car. Deney McKay hit these cars and slightly injured his arm. Loomis was able to continue.

The win for Bohn in the feature came just four weeks after a group of fans presented him with a \$100 dollar bill on his birthday. Claude Potter's fans gave him a similar gift on Saturday night and he responded with thanks, saying, "I've never won at Wilmot in all this time of driving, and I sure want to."

The accident put him out of the feature and that win will now have to come in the next two weeks of racing remaining at Wilmot.

Ron Bergsma led in the feature on the restart for 9 laps before Bohn took over. Harris, who started 8th behind Bohn, took third on the 9th lap with Bohn getting the lead on the next lap. From then until the 25th lap, Harris tried but could not move around Bohn. His car broke a radiator hose and after a quick dash to the pits he returned to finish 7th.

The 50 lap Sportsman Season Championship race was won by Al Lundberg who also won \$55 in lap prizes. Jim Boehles, who clinched the Wilmot Championship for Sportsman cars, led to the halfway mark but lost an engine.

15 States Join In Car Suit

Illinois Attorney General William J. Scott announced that 15 states have joined in a motion, filed in the United States Supreme Court, by Scott and Washington State Attorney General, Slade Gorton. The motion asks leave to file suit directly in the Supreme Court against the major auto, truck and bus manufacturers to force them to install effective anti-pollution devices on motor vehicles manufactured by them.

Scott and Gorton filed a brief in support of the motion charging that air pollution to which motor vehicles are major contributors has reached an emergency level, that the effect is nationwide and that there is urgent and immediate need for a speedy determination of the case and the issuance of an injunction covering the entire nation which is possible only through a unified trial in the Supreme Court. The brief further contends that while filing directly in the Supreme Court is unusual, that Court is the only suitable forum in which the case can be tried in the interest of convenience, efficiency and justice and that there is a clear precedent for this procedure.

Scott and Gorton stated that the nation's Attorneys General, spurred by an urgent need for action against the pollution of our environment, have held numerous conferences, including meetings at the national convention of the National Association of Attorneys General, hosted by Attorney General Scott at Pheasant Run, St. Charles, Ill., (July 28-Aug. 1, 1970), to determine a course of action.

The fifteen states, representing more than 25 per cent of the nation's population, which have joined in the motion and complaint are:

Illinois, Washington State, Arizona, Colorado, Kansas, Maine, Massachusetts, Missouri, Minnesota, Rhode Island, Hawaii, Iowa, Ohio, Vermont and Virginia. General Motors, American Motors, Ford Motors, Chrysler Motors and the Automobile Manufacturers Association are named defendants.

Scott and Gorton predict that if the Supreme Court accepts original jurisdiction of the case a majority of the states of the nation will join in the unprecedented mass action against what they claim is a major cause of air pollution in the United States. The complaint filed in the Supreme Court, along with the motion and brief, is based on anti-pollution and antitrust violations by the defendants and invokes the right of each state to seek abatement of air pollution as a public nuisance.

The complaint alleges that the defendants conspired together since 1953 to hold up, interfere with and prevent research, development and manufacture of motor vehicle anti-pollution devices and asks the Court to issue a mandatory injunction to compel the defendants to install, at their own expense, effective anti-pollution control devices on all new motor vehicles manufactured by them and to install, at their own expense, effective anti-pollution control devices on all motor

Schill Gets Seventh

Al Schill, 1969 IRA Champion won his seventh race of the season at the Lake Geneva Raceway on Sunday night and moved close enough in the point standings to perhaps take the Championship from Harris at this track.

Harris leads at Lake Geneva and all other IRA tracks but the Lake Geneva point standings are the only track where he might lose his advantage.

Through two restarts in the 30 lap feature race, Schill kept his lead over Jim Sullivan and Harris. Schill added another win for his heat Sunday night and now leads Harris by two in the number of overall wins for the season.

Other heat race wins were scored by Pop Kline, Bill Robbs and Tom Anderson.

The Sportsman stock car event saw Wes Eckert of Greenfield score a clean sweep of events as he set fast time, won his heat and the 15 lap feature.

Only two more races remain at the Lake Geneva Raceway and the Kenosha County Speedway and the 50 lap Season Championship at Lake Geneva will be on Sunday, Sept. 6.

New Photo Exhibit Is Opening

One hundred black-and-white and color prints selected from a new exhibition entitled "Ten Top European Photographers - East and West" will be displayed in the Home Lounge of Chicago's Museum of Science and Industry from August 26 through September 27.

This will be the first showing of these photographs since their arrival in the United States at the Photographic Society of America's international convention in Los Angeles.

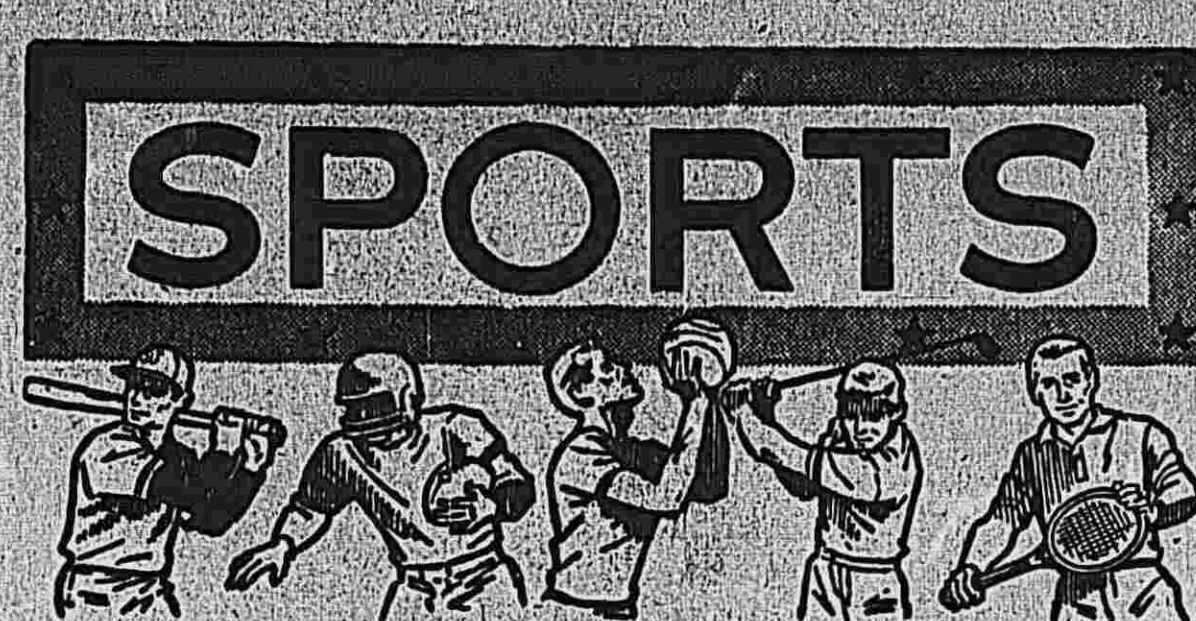

The American showing is being sponsored by FIAP (Federation Internationale de l'Art Photographique) in collaboration with PSA, and, in fact, is one of the first cooperative efforts of the two photographic groups since their affiliation.

The prints represent outstanding examples in color and in black-and-white of varied approaches to experimental pictorial, and human interest photography by a carefully chosen group of internationally recognized exhibitors. Five photographers represent Eastern European countries (Bulgaria, Czechoslovakia, Hungary, Latvia, and Poland), and five represent Western European countries (Austria, Great Britain, Portugal, Switzerland, and West Germany).

The exhibit is open during regular museum visiting hours: Monday through Saturday, 9:30 to 5:30; Sunday and holidays, 10:00 to 6:00. Admission to the Museum and the photo show is free.

vehicles in operation in the United States manufactured by the defendants since 1953.

Inner-City Youngsters Learn About Racing Cars

More than 5,000 inner-city and suburban youngsters from Chicago, Gary and Hammond recently gathered at U.S. 30 Drag Strip to learn about career opportunities in the auto industry and the organized sport of drag racing.

The "career-and-fun" day included drag racing demonstrations by more than 40 top independent Ford drivers, a seminar on auto sports and safety by

Dick Loehr of Ford Division's Central Drag Team and talks by industry and community leaders.

Principal speakers at the event included Thomas Picou, executive editor of the Chicago Daily Defender; Lawrence Washington, national coordinator of Ford Motor Company's inner-city hiring programs; D. B. Eames, performance parts merchandising manager, Autolite-Ford Parts Division; Roy Wood, of WVOX Radio and WCUI Television; and Steve Benford, an auto sports broadcaster.

The program was sponsored by Ford Division and Jack Perno Ford, Inc., of Olympia Fields, in cooperation with the Chicago Department of Human Resources and the Metropolitan YMCA of Chicago. Ford Division's drag racing clubs representing dealerships throughout the Chicago and Gary-Hammond areas participated.

"Big industry offers a wide range of job opportunities to young persons like yourselves," Washington told the group. "The facts are that one out of every seven people in this country works in auto related jobs... and one out of six businesses is automotive oriented."

Picou called on the youngsters to "prepare for the future." Adequate preparation, he said, is a

basic factor in gaining employment. Both Washington and Picou stayed on throughout the day to talk informally with those present.

William Kuntz, division director of planning, research and program development of the YMCA, viewed the event as a potential inner-city program model. An organized drag racing program would not only serve as a recreational activity, but could also offer important vocational training in auto mechanics.

Research Training Grants Made

The University of Illinois Medical Center Campus, Chicago, has accepted an overall total of \$367,298 in research and training grants for the month of July. Out of 16 grants listed, 6 grants totaling \$226,230 were from the United States Public Health Service.

The funds were allocated as follows: \$25,651, College of Dentistry; and \$341,447, College of Medicine.

The largest single grant, \$60,376 was awarded to Dr. Neena B. Schwartz, professor of physiology and College of Medicine, by the United States Public Health Service for the project entitled "Environmental and Hormonal Interplay of Ovulation."

Young Wins Feature

Ray Young of Dolton won the 30 lap feature at the Waukegan Speedway Saturday night after Vern Browne of Waukegan and Tom Jones of Northbrook had shown Young the quick way around in the preliminary events. Bob May of Gurnee was a close second.

The feature race was close all the way with Young likely being denied a new 30 lap record when the race had to be stopped in the 23rd lap. The right front wheel came off Bob Carpenter's car at that point and was rolling freely on the backstretch.

Tom Jones and Al Gutche of Bristol shared the lead in the first lap before Chicago's Bob Roper slipped in front on the second circuit. Before that lap was completed May, Young and Browne had all passed the early leaders and the fans knew they were in for a close, fast race.

In the 4th lap May moved into the lead with Roper slipping from first to fifth. At this point Young started working on May and he was in the lead on the 5th lap with Browne in second and May third. Browne closed in on Young briefly, but couldn't quite get by.

At the half-way point Young enjoyed a five carlength lead over Browne with May third, Roper fourth, Jim Cossman of Waukegan fifth and Jones sixth. On the 24th lap May passed Browne for second and another lap at Young, but time ran out and May finished just on Young's rear bumper.

Roper took third spot on the 24th lap, but Browne regained it

on the next lap. Roper was back in third on the next lap, but both Browne and Cossman went by in the 27th lap with Roper finishing 5th. Jones passed Gutche in the 29th lap for sixth place money.

Young turned in the night's fastest qualifying lap on a track still slick from oil after an engine blew in the warm-up period. Browne took the lead in the trophy dash on the next-to-last lap to beat Young there.

Jones led all the way in the second heat to finish in front of Young. The third heat was a close race between Roper and Browne with Vern taking the lead two laps before the checkered after a backstretch accident eliminated four cars.

Rich Lambert of North Chicago became the 18th different hobby stock feature winner as he regained the lead on the next-to-last lap and then just beat Chuck Chadwick of Lake Zurich across the finish line in a tight three-way race.

Vick Goben of Great Lakes had just taken the lead from Lambert when a lapped car slowed him. Lambert steered to the outside and back into the lead with Chadwick then closing in on the final half lap for an exciting finish.

Special guests at the Speedway Saturday were Dan O'Shea of the Waukegan News-Sun and Dick Thomas of Radio WEEF in High-Try at Young, but time ran out and May finished just on Young's rear bumper. Roper took third spot on the 24th lap, but Browne regained it

Death Notices

JOHN F. LARSEN

John F. Larsen, 87 years old of Fallers Subdivision near Antioch, Ill., passed away at 5 a.m. Friday, Aug. 21, in Victory Memorial Hospital after a short illness. He was born Oct. 30, 1882, in Oslo, Norway, and came to the United States in 1903 to reside at Blair, Wis., before moving to Chicago, and has lived in Antioch since 1941.

He was a member of the Fellers Subdivision Association. He retired in 1941 as a Painters foreman with the Shell Petroleum Corp., where he worked for 25 years, and previously for Sinclair Refining Company.

He married Margit Carlson in 1937 in Chicago and she preceded him in death on Feb. 1, 1967, and a son, Ralph Larsen passed away on April 29, 1970.

Survivors are two daughters, Mrs. Gladys (Alfred) Christofferson, Chicago, and Mrs. Violet C. (Charles) Iverson of Antioch, with whom he lived; two sons, Harvey Larsen, Northlake, Ill., and Lawrence Larsen, of California; one sister Mrs. Thora Anderson, Bellewood, Ill.; one brother, Brad Larsen, Chicago; ten grandchildren and 22 great-grandchildren.

Funeral services were held at 11 a.m. Monday at the Strang Funeral Home in Antioch. The Rev. Donald Cobb of the Antioch United Methodist Church officiated.

EARL HORTON

Earl Horton, 77 years old of North Avenue, Antioch, passed away at 9 p.m. on Monday, Aug. 24, at his home suddenly from a heart attack. He was born Aug. 28, 1892 in Trevor, Wis., and has been a lifelong resident of Antioch.

He had served in the Army during W.W. I., and was a member of the Antioch American Legion Post No. 749 for 41 years; a 50 year member of I.O.O.F. Lodge No. 723 in Antioch; Lake-side Rebekah Lodge No. 82 in Antioch; had served on the Antioch Fire Department for several years; was a member of St. Jude's League; Director of Hillside Cemetery Association; served as custodian for the Antioch Community High School for 13 years; as a police officer for the village of Antioch for several years and had retired in 1958 as a fireman at Great Lakes Naval Station.

He married Addie Daily on Sept. 28, 1929 in Waukegan.

Survivors are his wife Addie, two sons, Raymond Horton of Antioch and Robert E. Horton, of Antioch; two daughters, Mrs. Helen (Leo) Keisler, Lake Villa, and Mrs. Eleanor (Glen) Hauser, Antioch; two step-sons, Theo Rogers, Long Beach, Calif., and Lyle Horton, Kenosha, Wis.; one sister, Mrs. Evah (Emil) Risch, Antioch; 12 grandchildren and five great-grandchildren.

He was preceded in death by two grandchildren.

Funeral services will be held at 2 p.m. today (Thursday) at the Strang Funeral Home in Antioch. Rev. L. H. Messersmith of the Millburn Congregational Church will officiate. Interment will be in Hillside Cemetery at Antioch. Antioch Lodge No. 723 of I.O.O.F. held a service Wednesday evening at the funeral home.

EDWARD L. CRAWFORD

Edward L. Crawford, 51 years old of Petite Lake Road, Lake Villa, Ill., passed away at 11:50 a.m. on Thursday, August 20, at Downey Veterans Hospital. He was born Feb. 18, 1919 at Butte, Montana, and had resided in Nebraska and Chicago before moving to the Lake Villa area 30 years ago.

He was a member of Prince of Peace Church at Lake Villa, and the District Council of Carpenters No. 498. He had worked as carpenter superintendent for Miller-Davis Construction of Kalamazoo, Mich., for many years.

He married Ruth Carnes on Oct. 2, 1948 at Lake Villa.

Survivors are his wife, Ruth, one daughter, Miss Patricia Crawford, at home; three sons, Lavoid Crawford, at home, Edward E. Kuhn, Swanton, Ohio, James O. Keegan, Twin Lakes, Wis.; two brothers, Lavoid L. Crawford, Antioch and Thomas E. Crawford, Waukegan; two sisters, Mrs. Angeline L. (Robert) Ross, Waukegan and Mrs. Gertrude Young, Chicago, and four grandchildren.

He was preceded in death by one brother, Lonnie Crawford on June 2, 1956, his parents, Roy E. Crawford on May 16, 1961, and Mrs. Lillian Crawford on Sept. 30, 1965.

Funeral services were held at 11 a.m. Saturday at the Strang Funeral Home in Antioch. Rev. John Carolan of Prince of Peace Church officiated. Interment was in Avon Centre Cemetery.

MRS. LILLIAN M. KLAPPER

Mrs. Lillian M. Klapper of Paddock Lake, Wis., passed away Sunday, August 23, 1970, at Kenosha Memorial Hospital. She had resided at Paddock Lake since 1942.

Survivors are her husband Donald L. Klapper, Paddock Lake, one son, Frank G. Bleber, Syracuse, Ind., two sisters, Mrs. Alice Barrett, Oak Park, Ill., and Mrs. Edith (Fred) Jollie, Chicago, and one granddaughter.

Funeral services will be held at 11 a.m. this (Thursday) morning, at the Strang Funeral Home in Antioch. Rev. Donald Surges of Holy Name Church will officiate. Interment will be in Salem Mount Cemetery at Silver Lake, Wis.

MRS. LISETTE K. THIELE

Mrs. Lisette K. Thiele, 74 years old of 620 Loretta Ave., Venetian Village near Lake Villa, Ill., passed away at 8:35 a.m. on Saturday, Aug. 22, in Condell Memorial Hospital, Libertyville, after a long illness.

She was born Feb. 9, 1896 in Marksdorf, Germany, and has resided in the state of Idaho, Chicago and Bellewood, Ill., before moving to Venetian Village 29 years ago. She married Frederick Thiele in 1932 in Chicago. She was preceded in death by one son, Herman Thiele, on Nov. 5, 1953.

Survivors are her husband Frederick, several sisters in Germany, 2 grandchildren, 5 great-grandchildren and one great-great-grandchild.

Funeral services were held at 1:30 p.m. Monday at the Strang Funeral Home in Antioch. The Rev. Harold Nelson of St. Mark's Lutheran Church at Lindenhurst officiated. Interment was in Waldheim Cemetery in Chicago.

ALBERT E. MOISAN

Albert E. Moisan, 68 years old of Venetian Village, Lake Villa, Ill., passed away Sunday, Aug. 23, at 4:30 a.m. in Victory Memorial Hospital. He was born Aug. 18, 1902 in Chicago and had resided in Austin, Ill., before moving to Venetian Village 17 years ago.

He was a member of the Lake Villa United Methodist Church, the Millburn Masonic Lodge 127 A.F. & A.M., and the United Transportation Union. He retired in November 1968 as a railroad pullman conductor where he had worked since 1941.

He married Gertrude A. McCune on Sept. 11, 1925 in Chicago and she preceded him in death on May 28, 1968. His brother, Harry Moisan, passed away in 1942.

Survivors are two daughters, Miss Janice Moisan, at home, and Miss Marilyn Moisan, Fairfax, Calif.; two sisters, Mrs. Dorothy (Earl J.) O'Connell, Round Lake Heights, Ill., and Mrs. Virginia (Edward) Craft, Tinley Park, Ill.

Funeral services were held at 8 p.m. Tuesday at the Strang Funeral Home in Antioch. Rev. David Bleighouser of the Lake Villa United Methodist Church officiated. Interment was at Mt. Emblem Cemetery in Elmhurst at 10:30 a.m. Wednesday. Millburn Masonic Lodge held a service at 8 p.m. Tuesday.

Memorials may be given to the Lake Villa Rescue Squad.

Secretary Installs New Process

The Data Processing Division of the Secretary of State's office installed a working model of one of the electronic marvels of our age in the Drivers License Booth located in the north end of the grandstand at the State Fair at Springfield.

This machine referred to as a CRT (cathode ray tube) is a kind of mechanical "detective" which looks like a television set and proved to be a popular attraction for the fairgoers.

Visitors at the Drivers License booth, who wished to do so, activated this computer sleuth simply by giving his, or her complete name, date of birth and sex, or drivers license number to the operator who then fed the information into the CRT and in 15 seconds statistical data of the driver appeared on the screen.

The information relayed by the CRT comes from a master tape file containing complete license information of 7,260,816 Illinois drivers that has been placed into an online storage device consisting of 350 million characters.

FFA Gets Nixon Support For Community Action Program

In every sector of America, concerned young people are saying, "Let us play an active role in America's future." Future Farmers of America (FFA) members will be doing just that in the coming year as they participate in a new community action program recently announced by the National FFA organization headquartered in Washington, D.C. Theme of the FFA program is "Building Our American Communities."

Announcement of the "Building Our American Communities" effort was made at a recent Capitol Hill breakfast attended by State FFA Presidents and their Congressmen and Senators. In announcing the program, Harry Birdwell, National FFA President said, "The 'Building Our American Communities' program is a challenge to young people to show their concern for America by getting actively involved in their communities."

"As we view America's future, it becomes more evident that rural America must offer a solution to problems of congested urban centers," said Birdwell, a native of rural Oklahoma. "The answer," he continued, "is to make rural and semi-rural areas more attractive places in which to live and work by providing jobs, adequate housing and good municipal facilities."

The "Building Our American Communities" program is a joint effort of the FFA, the U. S. Office of Education and the Farmers Home Administration, an agency of the U.S.D.A. The FFA developed and is distributing an instructional booklet titled "Guide to Understanding and Developing Communities." The guide is for use by high school vocational agriculture teachers as a course outline in community development.

Lilly Endowment, Inc. of Indianapolis, Indiana, is sponsoring the "Building Our American Communities" program through the National FFA Foundation, Inc. More than 5000 awards are available to

President Nixon, in a recent meeting with National FFA President, Harry Birdwell, gave "strong support" to the FFA-vocational agriculture community action program "Building Our American Communities".

FFA chapters which use their classroom knowledge in projects to improve their communities.

The FFA is an organization for high school vocational agriculture students who are studying for jobs both on the farm and in agribusiness. Birdwell explained, "Because we are engaged in training students for agricultural occupations we feel that every rural community must strive to have more jobs available for young people. In

addition, communities must provide a healthy, attractive environment in which to live, he said.

FFA members have a stake in the future of their communities. Birdwell emphasized, pointing out that through their experiences in leadership, citizenship, and cooperation, FFA members have the background necessary to take the lead in making their communities better places in which to live and work.

Music Center Is Now Seven Years Of Age

The Music Center of Lake County is situated in Bowen Park at Greenwood and Sheridan Roads, in Waukegan.

Known as The School in the Park the Center is presently a hive of activity preparing for the Fall Semester, which looks like being one of the most exciting in the Center's history. The School in the Park... Bowen Park, with ravines, lovely nature areas and formal garden offers an idyllic setting for the appreciation and creation of the Arts.

The teaching studios, classrooms, offices and performance areas are located in Lilac Cottage at Goodfellow Hall, within the Park area.

Originally the dream of a group of local citizens, the school is now entering its seventh year as a not-for-profit organization with the aim of bringing instruction in the fine arts to our community.

This has been accomplished by means of a high standard of excellence in teaching skills, and optimum student performance.

Further goals are a diverse curriculum in the music field which will embrace individual and concert efforts, exhibits, plays, and art works which will create a cultural heritage that can be a source of pleasure and creative satisfaction for everyone.

Yes, Bowen Park is indeed an inspiring location for the dream that came true. The dream of a few local families for cultural experience in their community.

As the years pass, the Center grows in enrollment, and in the richness of program and class ideas, and the upcoming Fall Semester promises to be more exciting than ever.

Citizens of all ages enjoy artistic experiences at the Music Center of Lake County. A popular class for youngsters from the age of four and up, is the Carl Orff-Introduction to Music Class.

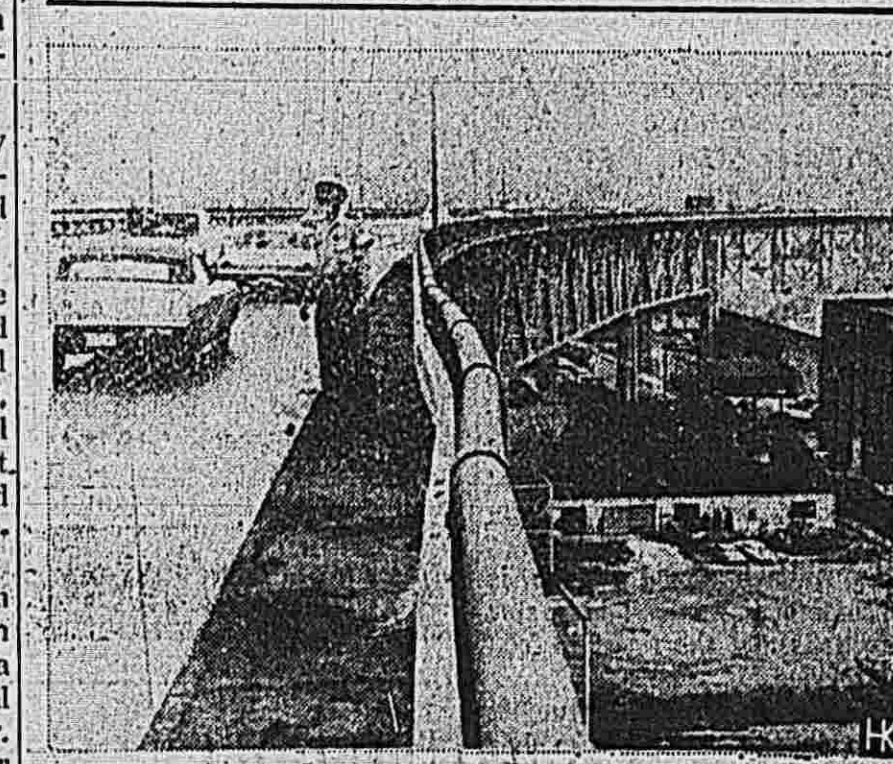

An introduction to the fundamentals of rhythm, harmony, melody and body movement, this class helps the child develop his innate abilities by means of special instruments, music and teachers. How delighted the child is when he creates music for the first time.

This an exciting and stimulating way for children to be brought

FORMER "FLAPPERS" can croon "Japanese Sandman" at bedtime and get a tuned in response from junior decked out for slumber in his karate "fun-suit." Boys' pajama styles are heading off in new directions, according to Weldon, one of The Harwood Companies and largest manufacturer of pajamas. The pajamas are paralleling grown-up styles designed for lounging, as well as for sleeping. This one-piece garment is a two-tone, permanent press polyester/cotton blend for easy care.

STEEL BARRIER PREVENTS CATASTROPHE

EARLY THIS YEAR except for a tough steel guard rail, a fully-loaded bus would have crashed through the side of the Greater New Orleans Bridge and plunged into the Mississippi River. A year before when the side of the bridge had no protective steel barrier, another vehicle hit the side of the bridge, plunged through and both occupants of the car were drowned. That fatal accident led to the installation of the guard rail which has since been struck repeatedly by out-of-control cars, but has helped prevent further fatalities.

CORPUS CHRISTI, TEXAS—Scenes such as this are being re-enacted in the Hurricane Cella-stricken coastal bend area of Texas as American Red Cross relief workers bring aid to the more than 65,000 families whose homes were damaged by the worst hurricane ever to hit the Texas coast. The Red Cross is seeking generous contributions from the American people to help meet the emergency and long-range needs of Cella's victims. Contributions should be sent to your local Red Cross chapter.

Dixon Gives Views

A little noted but highly significant change in law regulating the office of Illinois State Treasurer now requires a full public disclosure of locations and amounts of all the Treasurer's investment accounts, State Senator Alan J. Dixon of Belleville, the Democratic candidate for State Treasurer, said today in the first of a series of position papers about the office he seeks.

Senator Dixon was chief sponsor of a bill which made this public disclosure mandatory by the State Treasurer.

These long overdue changes are the first substantive ones made in the State Treasurer's office in the last 60 years, the Senator said. "If this legal requirement had been in effect in the last 60 years, we would not have seen as much abuse of personal responsibilities by many past State Treasurers," he said.

Senator Dixon explained that the present State Treasurer, Adlai Stevenson III, has established a policy of full, public disclosure. "However, this policy was dictated by Treasurer Stevenson's good judgment and was not required by any law," he added.

Under the recently passed Dixon bills, the State Treasurer must now disclose how much of the state's money is on deposit, in what bank it is deposited in, and what interest rate is being paid on each of those deposits," Senator Dixon said.

The bill also included other substantive changes which Senator Dixon will discuss in full and complete detail in the future position papers.

Senator Dixon said: "All taint of politics which formerly surrounded the award of state deposits by the treasurer is now eliminated. This establishes a thorough protective measure for the citizens of Illinois whose money is handled by the Treasurer."

As a result of this change, a

Clyde McCoy Coming To Antioch Club

Clyde McCoy . . . a legend in his time, with his world renowned "Sugar Blues" orchestra, will be headlining at the Antioch Country Club and Steak House for a limited engagement beginning Wednesday, Sept. 2 through Monday, Sept. 7.

The Antioch Country Club is the home of the name bands, star attractions and the finest in food and service.

There is not a band or trumpet player in the country who has not at one time mimicked Clyde McCoy and his "Sugar Blues". Now, for the first time, his fans will get a chance to see . . . and hear . . . and dance to . . . one of the all-time greats in the music industry . . . Clyde McCoy — a man whose sound has traveled the world before him.

Your hosts, John Teresi and John Weise have been so pleased with the public's acceptance and demand for name bands and wholesome music, that they have enlarged their list of coming attractions to include the famous names of Count Basie, Dick Jurgens, and the return engagements of Stan Kenton and the Russ Morgan orchestras.

The Antioch Country Club and Steak House is fast becoming known not only for entertainment and excellent food, but by many organizations who have been utilizing their fine facilities for parties, conventions, fashion shows, golf outings and all types of special gatherings.

Join the crowd during the Labor Day holiday, September 2nd through the 7th, dine, dance and listen to Clyde McCoy and his "Sugar Blues" orchestra, at the Antioch Country Club and Steak House, Route 69 & Grass Lake Road, Antioch.

Bishop To Emcee Show To Aid MD

recorded statistic is now a matter of public record for all citizens or group of citizens, Senator Dixon explained.

"As a practicing attorney and a director of one of the larger downstate banks (First National Bank of Belleville), I have had the opportunity to observe that this change and others are welcomed and widely supported by the banking community," Senator Dixon said.

"The previous practice of not making a full and public disclosure of state deposits often generated criticism and suspicion," he said. "The banking community itself, I have been repeatedly advised, has long wanted the elimination of such situations which in many instances, undeservedly cause such criticism and suspicion."

Senator Dixon has served 20 years in the Illinois General Assembly, 12 years in the House and 8 years in the Senate. In the House he was chairman of the powerful Judiciary Committee for 2 sessions. He also served on every other important committee during his 12 years in the House. In the Senate he now is the Assistant Minority Leader.

During his 20 years of legislative service he has studied and voted not only on all proposals affecting the State Treasurer's office, but also on measures affecting every other unit in the Executive branch as well as all phases of the Executive and Legislative branches.

Half Of G.I. Bill Trainees Are Air Force

Of the 58,000 men and women who took training under the G.I. Bill while still in uniform last semester, almost half (46 per cent) were members of the Air Force, John B. Naser, director of the Veterans Administration Regional Office has announced. Soldiers edged out Sailors for second place (26 to 20 per cent).

The Air Force rate of participation was also about twice as high as that of the Army or Navy, he added.

Fewer than one in 10 enrollees was able to take full-time training. Three out of five of the total were enrolled in correspondence courses.

Also about 759,000 veterans took training under the G.I. Bill last semester.

Naser urged interested veterans and servicemen to contact the Regional Office of the VA at 2030 West Taylor Street in Chicago.

Channel 32 has named Jerry G. Bishop to be local emcee for the 20-hour Jerry Lewis Labor Day Telethon for the benefit of Muscular Dystrophy Associations of America. The telethon will be carried, for the first time in Chicago, on Channel 32 as part of a 65-station national network, beginning the evening of Sunday, Sept. 6, and continuing through Monday, Sept. 7.

The Telethon, which originates live from New York, will feature nationally known entertainers and personalities. Among those joining Jerry Lewis this year will be Pearl Bailey, Andy Williams, Joan Crawford, Jackie Gleason, Cliff Robertson, Fatty Duke, Raymond Burr, Dorothy Collins, Steve Allen, Mary Healy, Peter Lind Hayes, Louis Armstrong and Frank Sinatra.

Throughout the holiday telethon, cutaways will be made to the local stations to provide for local fund raising pleas and presentations to inform the public about the local progress of the campaign. Local and national celebrities will be in Channel 32 studios, including Rep. Roman Pucinski, Rep. Annunzio, members of the Harlem Globetrotters and the Chicago Bears, and local radio and television personalities, to answer phones and accept contribution pledges. Maggie Daly, Dick Cooper, Sig Sakowicz, Ann Landers and Irv Kupcinet are currently promoting the fund-raising event on local television.

Although MD telethons have been conducted for the past seven years, the telethons have never been seen west of Detroit. This year's 65-station network is the largest in the telethon's history.

Highway Accidents

The Construction News announced that, "If we could eliminate all causes of highway accidents but one, we would still be faced with 50 percent of the problem—drinking and driving."

Drivers should be well rested before setting out for a Labor Day weekend trip, cautions the Chicago Motor Club-AAA. Once on the road take frequent rest stops to avoid highway hypnosis. By doing so you'll help "Bring 'Em Back Alive!" this Labor Day weekend.

GOOD INVESTMENT

Home improvement can be a worthwhile investment. Not only do you increase the value of your house, but by modernizing your heating system you can save up to 25 per cent in fuel costs.

Vision Problem Detailed

Many parents are unaware their youngsters may have a vision problem which can decrease his enjoyment of learning about his world during his pre-school years and will seriously affect his school achievement. "One such vision problem which can be detected at an early age and which can usually be remedied with early care is amblyopia, a term used for unexplained reduction of visual acuity (clearness of vision)," Floyd Mizener, O.D., President of the Illinois Optometric Association said.

"Unexplained" means that even with proper corrective lenses and in the absence of detectable eye disease, the acuity of the eye is still below normal. It almost always affects only one eye and it is generally agreed that this eye must have best correctable visual acuity of 20/40 or less to be considered amblyopic.

"Amblyopia is limited almost entirely to persons who have strabismus, that is 'turned eye' or anisometropia, that is refractive error of one eye which is very different from that of the other eye," the Illinois Optometric Association stated. "The exact cause of functional amblyopia is unknown. It probably results from a form of neural inhibition in the visual pathways in the brain," they added.

Because only central vision is affected by amblyopia, an amblyopic eye is never blind in the sense of being entirely sightless or "blackened out." Since it usually affects only one eye, children are often aware of it and will unknowingly depend upon the normal eye for all visual tasks.

"Actually, a child with any vision problem is usually unaware that he does not see well. He thinks everyone sees the way he does," Dr. Mizener said. "Thus it is not easy for parents to detect vision problems."

Preschool and school vision screening programs can identify many of the amblyopes and children with other vision problems, although effective vision screening of young children is difficult for lay personnel.

To effectively detect amblyopia and other vision problems, parents should be certain their children have a professional vision examination by a vision care specialist. "The examination will also reveal whether there is a tendency toward nearsightedness, farsightedness, crossed eyes, astigmatism and whether the many visual skills the child will need are beginning to develop as they should," the Illinois Optometric Association stated.

Fall Journey For Children Begins Sept. 1

A chance to follow in the footsteps of Sherlock Holmes is offered youngsters who take Field Museum's Fall Journey, "Eye" Spy, September 1 through November 30.

"Eye" Spy is designed to help boys and girls who can read and write to develop and practice their powers of observation. A specially designed quiz sheet helps them to look at specific exhibits by using their eyes to see things that might ordinarily be missed.

The close-up study of the exhibits, in turn, generates interest and gives the junior sleuths an incentive to draw their own conclusions and reason out the answers. Questions include: "What is the name of the animal with the 'ringed' tail?" and "Where do storks build their nests?"

The Journey Program is conducted by the Museum's Department of Education on a year-round basis, with a new Journey every three months. After successful completion of 16 different Journeys, the child is eligible to take a special Journey that entitles him to membership in the Discoverers' Club until the age of 18.

Free Journey sheets are available at Museum entrances.

Franchise Taxes, Fees Are Collected

A total of \$8,544,758.01 in franchise taxes and other fees was collected by the Corporation Division during July, according to figures released recently by Secretary of State Paul Powell.

The Division has now collected \$20,163,681.81 during the first seven months of this year. Last year the Division collected \$24,408,334.98 in the first seven months, including \$10,975,387.87 in July.

Secretary Powell explained that the decrease in July collections and in the first seven months total result from a decrease in the minimum annual franchise tax from \$100 to \$25.

New corporations receiving Certificates of Incorporation and Authority totaled 1,110 during July, a decrease of 48 from the 1,158 new corporations licensed in July of 1969.

During the first seven months of this year, 7,735 new corporations have been issued Certificates in Illinois. The 1970 total represents a decrease of 660 from the 8,425 new corporations registered for the same period of 1969, but an increase of 628 over the 7,097 new corporations in the first seven months of 1968.

KEEP IT CLEAN

Before the heating season begins, make sure there is no dust on your heating distributors. During the summer, dust settles on registers and radiators. By keeping them clean, dust won't circulate with the heated air.

Chicago Heart Association has free educational material on high blood pressure. But remember, it takes two to treat it—you and your doctor. For information on high blood pressure, write the Chicago Heart Association, 22 W. Madison, Chicago, Ill. 60602.

A VA booklet, "Two years of Outreach," describes how servicemen and veterans "get the word" about benefits.
